Map 5B - Lowell, Chelmsford, Carlisle, Westford - BAY CIRCUIT TRAIL route
(as shown on map 5B dated March 2013)
(text updated April 2015)

The BCT often follows pre-existing local trails; BCT-specific blazing is a work in progress and may be sparse in segments. We encourage you to review and carry corresponding local maps on your BCT walk.

Trail Notices regarding trail problems and closures are posted on the website at www.baycircuit.org under the Explore tab. Please review them for updates to the trail guide and maps.

North to south:
Dedicated BCT from Andover to Lowell (east to west) follows the Merrimack River for about 6 miles along the Merrimack River Trail (MRT).

From Lowell, the trail heads 13 miles south to Acton. There are 3 sections to this trail (north to south):
1) Concord River Greenway—4 miles from Lowell to Chelmsford.
2) Bruce Freeman Rail Trail—7 miles from Chelmsford to Westford
3) Acton Connector—2 miles from Westford through Carlisle to Acton.

Currently only the Bruce Freeman Rail Trail is open and is marked with BCT logos. Other two sections are proposed trail under development, with some partially completed legs.

Merrimack River Trail, dedicated trail, mileage is continuation of Lowell trail from Map 4:

M N42 38.739 W71 18.219
1.8 Cross Brown St, bear right to behind the Lowell Memorial Auditorium esplanade, and left along the Concord River. Continue around the auditorium, and past the front entrance to East Merrimack St. Cross East Merrimack St at the crosswalk, short right, then left onto Davidson St. Follow Davidson St for 100 ft and right on driveway to Concord River Greenway (CRG). Left along the pathway and parkland overlooking the river to Fayette St.

2.2 Fayette St., current end of this section of BCT.

Concord River Greenway Park (CRG), partially completed and proposed trail:

The BCT will continue at Fayette St in downtown Lowell along the Concord River Greenway Park (CRG). Lowell Parks & Conservation Trust is working in partnership with the City of Lowell to complete the CRG that will be the eventual BCT route linking to Bruce Freeman Rail Trail at Cross Point.

New section completed fall 2009: Trail closely follows the edge of the Concord River from just south of East Merrimack St to Howe St, and includes multi-lingual signage and public art, including a long text fence and bollards with native bird ‘caps.’

Take Fayette St to Rte 110 (Andover St). Cross Rte 110 to Perry St. Follow the Perry St (east bank) about 0.4 miles along to Rogers St. Cross the Concord River on the Rogers St bridge to the west bank, pass thru Lowell Parks & Conservation Trust land (Jollene Dubner Park), and continue south by following Merrill St to Lawrence St. (under construction)

Continue along Lawrence St. back across to the east bank of the river to the CRG (where multi-lingual signage, public art, and the outdoor classroom continue north – enjoy the lookout at Wamesit Falls and the fish ladder).

Continue along the BCT by crossing back over to the west bank (retracing steps back to Lawrence St).

Proposed BCT winds its way thru a variety of residential side streets and cemeteries until it crosses under the I-495 connector on Industrial Ave (Proposed trail routes online at www.lowelllandtrust.org).

Bruce Freeman Rail Trail (BFRT), dedicated trail:

Bike path has mileage markers along trail.
